considerable discussion which showed that the three cities were united in favor of the proposed line, a motion that a committee of six, consisting of two representatives from each city, be appointed to compile data in regard to the line and report at a later meeting, carried. This committee was appointed as follows: Geo. H. Hunter and A. Graff of Wellington; J. Mack Love and E. Kirkpeterick of Arkansas City; W. C. and Walter Denning of Winfield. Mr. Love was chosen chairman of s. it was thought best to postpone the effecting of a permanent or, anization until the next meeting and the following resolution was adopted;

Resolved, that it be the sense of this meeting that we organize a company for the purpose of promoting an interurbar rullway connecting Winfield, Wellington and Arkansus City and that a directory of fifteen, consisting of five from each city, be elected, and that we meet next Thursday night, August 15, in Winfield, to further the purposes of the organiza-

J. Mack Love reported that he had been in correspondence with a St. Louis construction company whose representatives had visited this section of the country and reported favorably upon the scheme to build a belt line connecting these three cities. This company is ready to put up the money to build this line and asks no bonus or concessions of any kind. All the company requires is a franchise to get into each city and a survey and right of way of the line. In the matter of right of ways, Mr. Love and Mr. Graff both said they had talked to many farmers and all are anxious to get the line and will give the right of way through

#### ROCK ISLAND BRAKEMAN.

Donald Morrison Disappears From Home at Hutchinson.

Hutchinson, Kan., Avg. 8.-Donald Morrison, a Rock Island brakeman living at 411 Fourth avenue cust, has been missing since July 30 and his wife is living there plone and waiting for him. She has no idea where he has gone and is worried that something has happened to him or that his mind is affected.

On Thursday, July 30, he took his wife main. to Stewart hospital, where she was

there for several days, but has not seen her husband since that day. She heard of him being in town the next day, but he has not written to or sent word where he is or what he is doing.

Mrs. Morrison says her husband is one of the best of men and they had always lived together without trouble. He has been particularly good to her, but has been worried often because they have had considerable sickness in the family They have twin boys, nine months' old and these children are bright and happy ooking little fellows.

Morrison's father has been here from Fork, Kan, on the lookout for his boy, but has not been able to locate him. Sheriff Hooper and his deputies are trying to trace the missing man. He is about 25 years old and is five feet, five

Would Divorce Politics and Charitable Institutions

#### SAYS HE NEVER DICTATES

Several Propositions from Barber County Commissioners Levy a To Superintendents Whom They Shall Employ.

> Topeka, Kan., Aug. 8.-Morton Albaugh, chairman of the Republican state committee, has taken a stand in favor of divorcing the state charitable institutions from politics. He was on the board of charities for four years, and is, therefore, in a position to discuss the needs of the charitable institutions intelligently.

"It may jar you," said he, "when I tell you that as long as I have been chair- As those brought in by Ebenezer Green attempted in the least to dictate to the superintendents of the various charitable institutions whom they should employ. The superintendents are held responsible for the management of the institutions, and they should be left free to select their own help."

In his paper, the Kingman Leader, he comments at length on the report of the asylum investigating committee, and adds a few words of advice. He says:

The investigating committee makes some important recommendations-recommendations that ought to be followed by the next legislature. # MY CURE FOR VARICOCELE

My cure for varicocele is the only known method that cures the disease at once without a surgical operation, loss of blood, the least bit of pain. I cure varicocele with a single treatment that requires only a few minutes. My treatment checks the overflow of blood to the scrotal veins, removes the stagnant blood that obstructs and the stagnant blood that obstructs and the stagnant blood that obstructs are orculation, so the ganglionic nerves, the weakness of which causes varicocele, are restored to strength and normal circulation to the organs is resumed without a sign or symptom of varicocele ever returning. All men having varicocele who have treated for months without a cure are especially invited to call or write. To poor men who have spent their money in doctoring without benefit I will make a special low price and accept small payments.-Dr. McLelland.

#### Fair Warning Against Neglect to Have Varicocele Cured at Once

The cause and damaging effects of Varicocele are too well known for a lengthy explanation to be necessary to a majority of men who have had the troublefor any length of time, though for the benefit of the many youtful victurs who may not quite understand the dangerous paths they trod, and to warn them of the prevalence of Varicocele and its developments by undermining the physical, mental and manly powers, its impairment of the sexual organs that shrink for the want of vitality and finally ruins them. I always describe the disease, its symptoms and complications. Varicocele proper is veins on the left side that have become strutted and much larger than normal on account of increased circulation of the blood in the veins and are the power of vascular motion are imputed by undue excitement, get too weak to expel the blood and it collects in the spermatic veins, increasing their size, weighing down the parts on the left side much lower and to the touch resembling a sack of smell intestines.
